

UPDATE ON ADMISSION PROCESS

The Admission Notification for M. Phil. Clinical Psychology course at IHBAS was removed from the website as per the direction received from University of Delhi dated 21.07.2022 and 26.07.2022 and a notification of the same was put on the institute's website.

Since the M. Phil. degree courses have been discontinued in National Education Policy (NEP), 2020 and Rehabilitation Council of India (RCI) has advised the training institutions/ universities to continue the M. Phil. Clinical Psychology course with the same nomenclature and training structure as it is professional training programmes in the area of mental health and not a pre-doctoral research academic programme of one-year duration; the matter related to continuation of M. Phil. Clinical Psychology Course is being discussed with University of Delhi and the final decision of the university is awaited. IHBAS will be able to update about the admission process accordingly.

The inconvenience caused is sincerely acknowledged.
