Jointly Organize

Capacity Building Workshop for NGO Partners: Strengthening Community Partnership

6th & 7th October, 2023

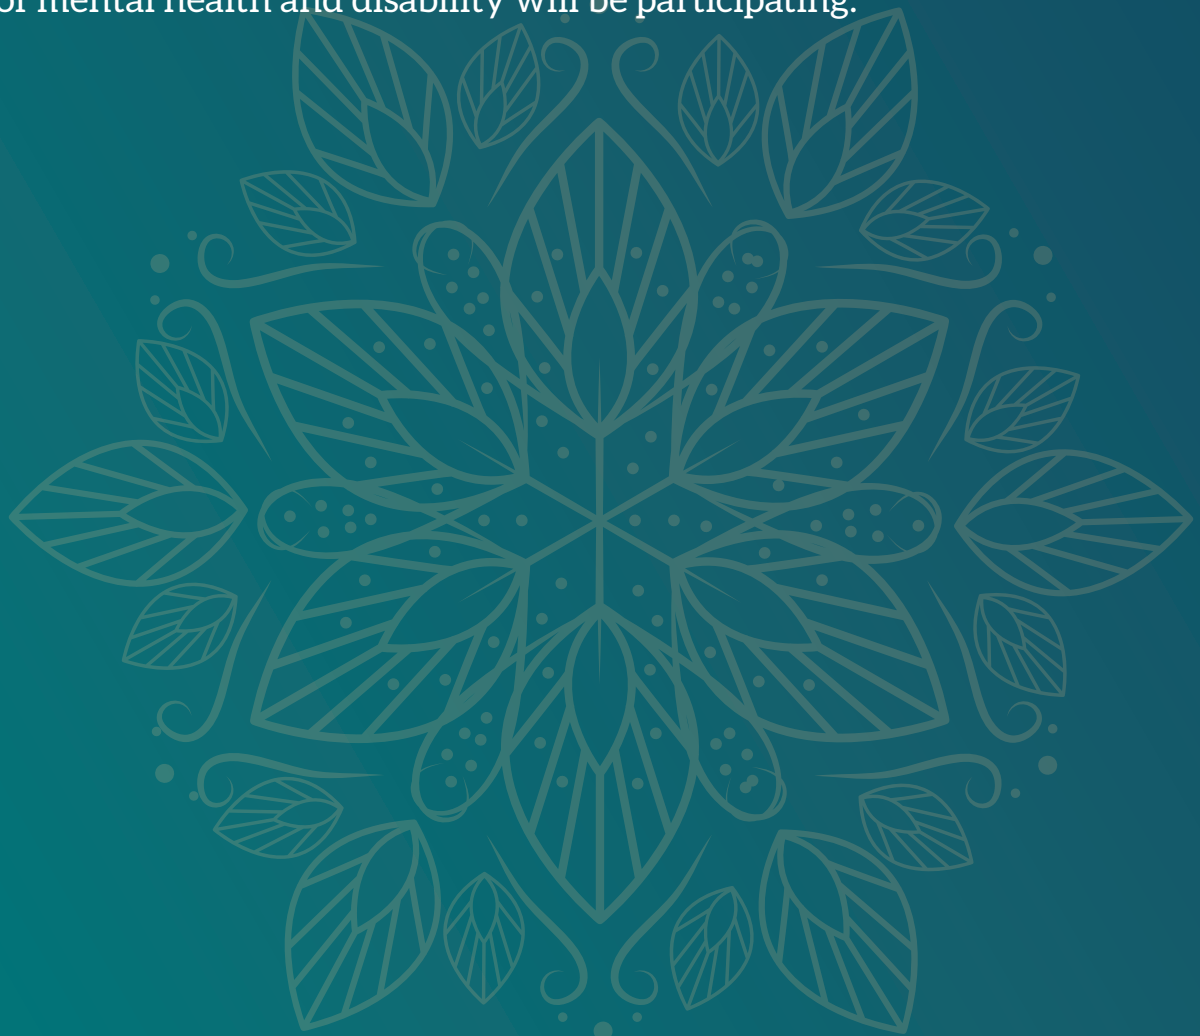

Mini Auditorium, IHBAS, Delhi

Background

Mental Health Services are the means by which effective interventions for mental health are delivered. An estimated 197.3 million people have mental disorder in India, and majority of the population have either nil or limited access to mental health services. Community Mental Health Services are not based in hospital setting but need close working links with Mental Health Establishment or Institute to bridge the treatment gap. There is evidence that community mental health outreach services where both Government and Non-Government Organizations are equally involved definitely decrease the need for in-patient care & treatment and also help to maintain the sustainability. NGOs in the mental health field are the community care providers. Usually, they are involved as a service provider, performing the role of advocacy, protecting the interest of user group and helping public sector to implement government policies and services for the benefit of the carers and users. So, the capacity building of these professionals is very essential for a comprehensive, prevention-oriented approach in mental health. Keeping this in mind, IHBAS and Vishwa Yuvak Kendra are collaboratively organizing “Capacity Building Workshop for NGO Partners: Strengthening Community Partnership” from October 6th to October 7th, 2023, in the Mini Auditorium, IHBAS, Delhi, in which around 65 NGOs working in the field of mental health and disability will be participating.

Objectives:

- To enhance the basic mental health knowledge of the professionals to respond appropriately to persons in need & engage them in treatment.
- To strengthen existing mental health system and service providing facilities through developing competencies and skills of professionals involved in mental health care at community level.
- To identify the needs, gaps, and obstacles of current knowledge, competencies and training needs of professionals working in NGO sector, Child Care Home and Sheltered Homes.
- To exchange ideas, skills and expertise between the public and private sector.
- To better understand the local resources and identify referral points.

Target Group:

- NGO personnel working in the field of Mental Health and Disability.
- Total Participants: 60-65

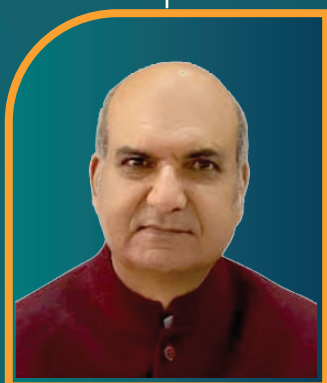

Training Methodology

The training program will be conducted through a combination of lectures, group discussions, case studies, and practical exercises. Experts in the field of mental health will be facilitating sessions covering various aspects of mental health.

Programme Content:

- Mental health and well-being among children and elderly
- Liaison & Networking
- Community Partnership
- Group Discussion & Activities

About Institute of Human Behaviour and Allied Sciences (IHBAS)

Institute of Human Behaviour & Allied Sciences (IHBAS) was established in compliance with the directives of the Hon'ble Supreme Court in response to a public interest litigation in 1993. The Institute is an autonomous body registered under the Societies Act 1860, funded jointly by Ministry of Health and Family Welfare, Government of India and Government of NCT of Delhi. As an autonomous body, the institute has its Memorandum of Association and Rules and Regulations duly approved under the Societies Act. Minister for Health, Govt. of NCT of Delhi is the President and Chief Secretary, Govt. of NCT of Delhi is the Chairman of the Executive Council of the institute.

About Vishwa Yuvak Kendra (VYK)

Vishwa Yuvak Kendra (VYK) is a non-government service-oriented voluntary organization established in 1961. Former Prime Minister Shri. Morarji Desai was the founder chairman whereas Shri Ramkrishna Bajaj was the founder Managing Trustee. Since its inception, it has been imparting training and capacitating youth in various fields such as agriculture, entrepreneurship, environment, NGO capacity building, women and youth empowerment, contributing to SDGs and nation-building initiatives. The organization is engaged in nurturing the talent of youth right from its inception and also inculcating values of being responsible citizens equipped with the requisite leadership attributes and enable them to become change agents of socio-economic transformation.
